# WEAR A NEW ATTITUDE NOT A UNIFORM

# WEAR A NEW ATTITUDE NOT A UNIFORM

**SS 2025**

Confidence comes naturally when you wear the right garment, one that expresses your individuality, whilst GTA tailoring ensures both comfort and a touch of undeniable sophistication.

Sustainable materials meet exceptional design in GTA trousers. Each pair offers a fit that empowers poise and whispers of your unique style. Once you experience the difference, ordinary just won't do.

UNIFORM

SS 2025 CAMPAIGN

The circle represents wholeness, original perfection, the Self, and the infinite. It signifies movement and embodies potential. Our campaign encourages everyone to navigate the world with attitude and lightness.

# PATENTED PLEASURE IN EVERY TROUSER

Waist Comfort Band is our revolutionary, original yet invisible belt integrated into all trousers. It is a unique patent\* for industrial invention granted by the Ministry of Enterprise and Made in Italy, demonstrating our company's commitment to constant research and development.

Now made of bamboo, which is lighter, more breathable, sweat-absorbent, hypoallergenic and eco-friendly, Waist Comfort Band makes all fabrics soft and comfortable. It is integrated into all our models, even those with stiffer fabrics such as linen and wool. Bamboo also wicks away moisture, keeping skin dry and comfortable throughout the day.

It maintains aesthetics while ensuring maximum wearability, providing a comfort range of 2 to 4 cm, depending on the fabric (the comfort value, in centimeters, indicates half the waist circumference by which the belt widens).

The resulting fit is exceptional, making our trousers as comfortable all day as joggers without impacting aesthetics.

To maintain the sartorial look and comfort, in the more classic models, the Waist Comfort Band features a construction with double offset lip, which recalls — in a contemporary key — the sartorial belt.

# ELEGANCE IN GREEN COMFORT

Our commitment to people comfort and environmental protection is reflected in our strict fabric selection process.

We exclusively work with suppliers who actively participate in the ZDHC Roadmap Zero program, a rigorous initiative focused on chemical safety in the textile industry. This ensures that the materials used in our products adhere to the highest safety standards.

Our dedication to well-being extends to the OEKO-TEX Standard 100 certification.

Our fabrics are entirely free from harmful substances, making them not only eco-friendly but also completely safe for human health. To earn such a prestigious label, fabrics undergo comprehensive testing, covering both regulated and non-regulated substances.

# DAVIDE

Slim-fit, casually styled model with a unique gathering detail at the back waist. The front features American-style front pockets, complemented by 1 cm

welt pockets and button at the back. Complete with convenient belt loops at the waist for added versatility.

Comfort-fit model with two pleats and straight legs. Concealed hook-and-eye closure, American-style front pockets, and back pockets with 1 cm buttonless

welt. Central slit detail on the back of the waistband. The bottom is finished with a 4.5 cm turn-up.

# NEW PAUL

Comfort-fit model featuring slightly tapered legs at the bottom. Waist is gathered with a button closure. It includes a single pleat at the front, American

pockets, and 1 cm welt back pockets with a button. Additionally, it is equipped with waist loops.

Slim-fit design featuring a single pleat. Secured with a button closure, it presents 'square' American-style pockets at the front, complemented by back pockets with a 1.5 cm welt and button.

The waist boasts a subtle 'gathering' detail, enhancing the hips area. Finished with a stylish touch, the bottom features 6 cm turn-ups.

# DAVIDE

Slim-fit, casually styled model with a unique gathering detail at the back waist. The front features American-style front pockets, complemented by 1 cm

welt pockets and button at the back. Complete with convenient belt loops at the waist for added versatility.

# FEDERICO SL

Slim-fit model without pleats. American-style pockets with 100p tailoring stitching. Concealed hook-and-eye closure, front strap extension with exposed button, and

slit detail on the centre back waistband. Tailored 3 mm double welt back pockets with button.

# SILVIO

Regular-fit model with one pleat. Hook-and-eye closure with front strap extension and concealed button. American-style front pockets and back pockets with 1 cm buttonless welt. Central slit detail on the back of the waistband.

# FEDERICO 01 RE

Regular-fit model with one pleat.  
American-style pockets with 100p  
tailoring stitching. Concealed hook-and-  
eye closure, front strap extension with

exposed button, and slit detail on the  
centre back waistband. Tailored 3 mm
